At Urlateanu Winery, the traveler can understand the secret of a good wine, by tasting this near the barrels where it is maturing. He can feel the coolness of the cellar's walls and after this experience, emerging in the inside yard, he may delight his eyes with an extraordinary landscape of Dealu Mare Vineyards. Then, in the tasting room, he will discover the color of the wine, he will smell the aromas and at the end he will taste and swallow this liquid, like a real wine taster.

Peles Castle: This is one of the best-preserved royal palaces in Europe. It served as the summer residence of the first Hohenzollern king of Romania, Carol I. Built in the latter half of the 19th century, it was the king's attempt to imitate the styles of his former homeland, creating a Bavarian setting in the mountains of Romania. The palace is decorated, inside and out, with intricate wood carvings and paintings of scenes from Wagner operas.

Prahova Winecellars introduced Rhein - Azuga Cellars in the turistic circuit by organizing sparkling wine tasting. Here you can learn a lot about the traditional art of producing the effervescent drink. This was transmitted from generation to generation and it is very important that in the XXI - st century there are maintained the same manufacturing techniques as there were used 100 years ago.
